

PureWood™

BELLA DECOR

PureWood™

A collection of decorative surfaces inspired by the warmth and texture of natural timber veneer. Our bespoke surfaces are available as a melamine faced panel, high pressure laminate and matching edge. Our range of surfaces are designed to promote subtle textured characteristics which include “brushed” textures, “Natural” look and feel, to our most modern and advanced “Natural Synchronised Matt” embossing where it is difficult to tell the difference between our panels and real polished natural timber veneer. Ease of use, high surface resistance and superior colour consistency are just some of the advantages PureWood offers the architect, designer and cabinet maker.

PureWood™

LINEAS

Lineas has been created to replicate the effect of real authentic timber veneer with a linear grain direction that mimics sawn timber in a modern palette of decors suitable for all types of joinery and furniture.

product availability

Melamine Faced Panel:

- HMR Particle Board - Embossed 2 sides.
- Sheet Size: 2800mm x 2070mm

- Sheet Size: 3050mm x 1300mm x 0.8mm

HPL Pressed Panel:

- Sheet Size: 3000mm x 1200mm x other substrate thickness and specification available on application.

ABS Edging:

- Matching 1mm ABS Edging 21mm wide (other widths available on request).

PureWood™

EVEREST

Everest captures the language of nature & expresses it in the signs and feeling of natural elements. A specific manufacturing process allows the surface to feel smooth & polished while still looking distinctly tri-dimensional. Light reflexes emphasise its dynamic features, the natural look of wood grains and the interplay of touch and sight.

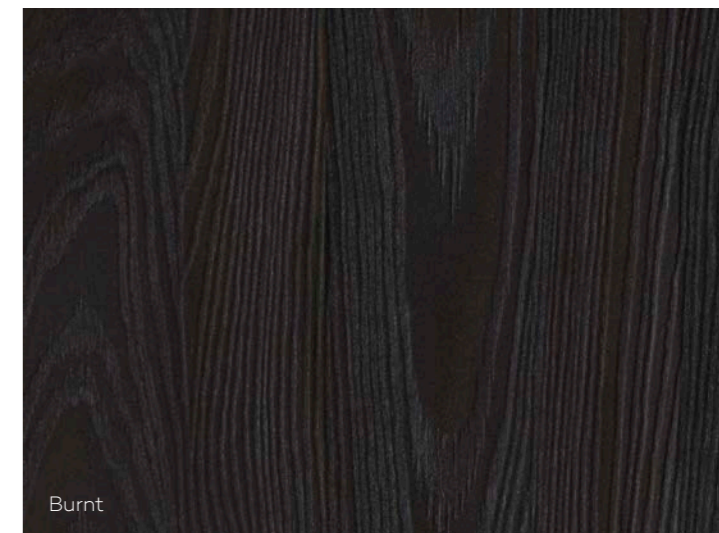

product availability

Melamine Faced Panel:

- HMR Particle Board - Embossed 1 side, matching design back.
- Sheet Size: 2800mm x 2070mm
- Thickness: 18mm

- Matching 1mm ABS Edging 21mm wide (other widths available on request).

PureWood™

NATURALS

A collection of contemporary decors with a “brushed” textured surface complimenting the look and feel of natural quarter cut timber veneer. The “Brushed” effect of the PureWood Naturals range is characteristic of Handcrafted Wood Essences.

NATURALS MATT

Bella Decor has developed the Naturals Matt collection which depicts two alternate timber grain structures, Crown and Quarter Cut. These new embossing's emote intense tactile & visual sensations of soft and smooth textures that display warmth and feel to the panel. All Crown Cut decors are matched with a Synchronised embossing to emulate the look and feel of nature's natural beauty whilst our Quarter Cut designs are more traditional and similar to the natural look and feel of Australian Hardwoods.

Our Naturals Matt range of boards is produced using 100% fully recycled and Eco friendly particleboard ideal for all commercial fit-out and joinery applications where sustainability & consideration to our environment is valued by the architect or specifier.

product availability

Melamine Faced Panel:

- High Moisture Resistant, EO - Low Emission Particle Board.
- 100% Recycled Particle Board Embossed 2 sides
- Sheet Size: 2800mm x 2120mm
- Thickness: 18mm
